Transcend Credit Union was recognized as a 2019 member of the Top 200 Healthiest Credit Unions in America. All 5,460 federally insured credit unions in the United States were recently evaluated on a number of key factors including capital, deposit growth and troubled loan reserves in order to determine a comprehensive health score. This analysis was performed by DepositAccounts.com, a Lending Tree affiliated company.

This is a tremendous honor which puts us in the top 3% of credit unions in the United States. This recognition indicates that Transcend is not only a top local and state credit union, but ranks with the best of the best on a national basis.

*The introductory APR for Purchases and Balance Transfers is effective upon the opening of your account for 6 complete billing cycles. When the Introductory Purchase APR and Balance Transfer APR ends, both the Purchase APR and Balance Transfer APR is the rate disclosed to you at account opening and is calculated according to the Finance Charge Calculation Method section of your Cardmember Agreement. This APR is applied to new and outstanding balances.
